August 18, 1980

Dear Stan:

Your welcome note turned what looked like a dreary day into a flood of sunshine, and I thank you for it. As I said at the lunch, yours was one of the most direct and forcefully presented talks I have ever heard at the Press Club, and believe me, I've heard a plethora of them.

Thank you and Mrs. Turner for gracing our board, and I hope our paths cross soon again.

Most sincerely,

Paul Speegle
